

**Espay Solar Energy S.L.**

# **Barbados new energy charging station**

## Overview

---

Find a charging point to charge your electric vehicle in our charging points map. With the ever-increasing power and energy density of EV's batteries, from December 2022 Megapower is evolving its Public Charging Network with new chargers from market leaders, DBT and Garo. This will update our extensive charging network across Barbados, making it even easier to keep your car. By entering my email address, I consent to ChargeHub sending me its newsletters on a regular basis. I understand that I can withdraw my consent at any time. 05, 2024 (GLOBE NEWSWIRE) -- Blink Charging Co.
