

Espay Solar Energy S.L.

Can photovoltaic panels be sold individually

Overview

There is no federal license required to sell solar panels; this responsibility falls to individual states. Some jurisdictions have created a specific license category, often called a “Home Improvement Salesperson” (HIS) registration. Navigating these requirements is a matter of compliance for the seller and a point of protection for the consumer. This patchwork of regulations determines who can legally solicit, negotiate. Do any online or physical retailers sell individual solar panels?

I've googled and looked at all the normal online retailers and it seems that 10 panels is the minimum unless you want to pay absurd prices for panels. Can anyone point me in the right direction?

I live in NJ if that helps. ” If you're preparing your solar-equipped home for sale this. Community solar allows multiple people to benefit from a single, shared solar array that can be installed on- or off-site.
