Overview

The Energy Saver Do-It-Yourself (DIY) Savings Projects offer easy, step-by-step instructions to home energy efficiency improvements that will save you energy and money. Explore the DIY projects below, and start saving today! Subscribe to receive updates from Energy Saver, including new blogs. Watch your utility bills drop with these smart (and easy!) energy saving projects you can DIY. Our editors and experts handpick every product we feature. We may earn a commission from your purchases. CFL bulbs will provide 10,000 hours of light and use \$10. Maureen Swift has been buying energy-efficient light bulbs for as long as she can remember. Over time, she has also swapped old shower heads with low-flow models, and now composts. Simple DIY home improvements can increase your home's energy efficiency and make it more comfortable, affordable, and better for the planet. 3C-REN offers DIY Toolkits and Induction Cooktops in partnership with local libraries.
