Electric vehicle range brussels

Overview

With over 100,000 charging points across the country, attractive tax exemptions in Flanders, and models available starting from €15,000, switching to electric has never been easier. Whether you are a private individual or a professional, this guide gives you all the keys to making the. The ELO is a fully electric concept vehicle designed as a compact, multi-purpose mobility solution. Renault's Twingo E-Tech Electric makes its public debut at the Brussels Motor Show in January 2026, featuring a 60 kW motor, 27.5 kWh LFP battery, and 263 km WLTP range. The Brussels Times reported early this year that the ECG (Association of European Vehicle Logistics) listed about 78,000 Chinese electric cars accumulated over various European port terminals, though there is a 91% increase in sales of Chinese EVs, this did not declog the ports as fast. There was even time for a few world premieres as household names such as Kia, Mazda, and Hyundai chose to launch new models in Brussels.
