Electricity safety manila

Overview

To guide your business in managing potential hazards, follow the 10 Golden Rules of Electrical Safety developed by Meralco in partnership with the Institute of Integrated Electrical Engineers of the Philippines, Inc. As floods continue to persist in Metro Manila and other parts of the country due to Severe Tropical Storm Emong and Tropical Storm Dante, the Department of Energy (DOE) has provided crucial tips to help prevent electrocution. In Arnold Clavio's report in the "Unang Balita" segment of "Unang Hirit". Filipinos were reminded about safety tips concerning electricity as homes and establishments get flooded amid the continuous downpour of rain due to the southwest monsoon (habagat) enhanced by Typhoon Carina (international name: Gaemi). Several parts of Metro Manila and other provinces are.
