# **Energy storage system transformer manufacturers ranking**

## Overview

---

This comprehensive analysis ranks the top 10 BESS manufacturers based on production capacity, global market presence, technological advancements, and notable project implementations. The global BESS market reached approximately 240 GWh in 2024, a 60% year-over-year increase. Before diving into rankings, let's look at what's driving industry innovation in 2024: 1. Types of Transformers An electric transformer or electrical transformer is a static electrical machine that transforms electric power from one circuit to another based on the basic principles of. The global energy transition and massive grid modernization waves are propelling the Large Power Transformer (LPT) market into a period of high-velocity growth. transformer market, highlighting the Top 10 leading manufacturers. Top 10 Power Transformer Manufacturers In The World According to the influence of global.
