## Overview

---

Our Mobile Containers revolutionize space utilization in Bitcoin mining, offering a sophisticated solution housed within intermodal freight containers. Minerbase has two types of mobile mining solutions: outdoor mining container (A series, D series and L series), and indoor mining tank (T series). It's easily deployed to follow the best energy prices anywhere. They're easy to transport, and each Smartbox™ is built meeting all ISO standards. Because it meets all. A crypto mining container, also known as a mining farm or a mobile mining unit, is a self-contained unit that is specifically designed to house and operate cryptocurrency mining rigs. Available in 20ft, 40ft, and 45ft sizes, these units are built for high-power loads and include essential climate control features.
