

Espay Solar Energy S.L.

Factory Solar Photovoltaic Power Generation Lease

Overview

Under a solar lease, a third-party owner (typically a solar company) installs solar panels on your property and then sells you the electricity produced at a predetermined monthly rate. This guide dives deep into commercial solar financing options, providing a clear, honest comparison to help you make the best decision for your. Solar leases make that possible. Sounds pretty straightforward—and in many ways, it is. But here's the thing: Solar leases work. Whether you are looking to cut costs, reduce your carbon footprint or secure your future energy supply, Geo Green Power offer expert commercial solar installations with proven high yielding solar panels.
