

Espay Solar Energy S.L.

Gmp energy storage system

Overview

We offer seamless home battery backup power during outages. Get two batteries with a ten year lease for \$55 per month, or one payment of \$5,500. Energy Storage through GMP improves your reliability, and also cuts costs and carbon for all customers! As part of the program, you agree to share access. Green Mountain Power residential and business customers can lease two Enphase IQ Battery 10Cs for just \$55 per month with a ten-year lease. It operates similarly to another program GMP previously found success with, which included the leasing of Tesla Powerwalls. We are the first utility in the world to earn B Corp certification, meeting rigorous social, environmental and accountability standards for.
