How much does an IP66 waterproof battery cabinet cost at Australian airports

Overview

PowerPlus Energy wall mounted IP66 rated enclosed cabinet for indoor or outdoor installations. This cabinet holds up to 4x LiFe or ECO PowerPlus lithium iron phosphate batteries (LiFePO₄). The cabinet comes fully assembled including battery cables, connectors. The cabinets are sized to enable mounting of all inverters and charge controllers in the same panel. This makes the installation much safer, whilst keeping all equipment out of sight and protected from the elements. They have a shallow profile making it easy to position them without encroaching on space. Designed and manufactured in Australia, the range brings a fresh modern look to energy storage. Batteries and battery disconnect are.
