## Overview

---

Below is a comprehensive breakdown of the most common types of inverter battery and solar panel racks, their features, advantages, and ideal applications. Our Solar String Inverter Racks provide flexible integration options tailored to your needs. Choose from fully integrated inverters mounted, cabled, and tested at our factory, partially integrated inverters mounted at our facility, or opt for assembled-only units shipped for customer installation. With several versatile options for solar racking you can find the solution that works best for you. Get easy module-to-module bonding with this UL2703 certified bonding jumper. Ships within 3-5 days of order. XGI 1500 PowerRack - Factory Integrated and Tested The Solectria XGI 1500 PowerRacks are the most robust, scalable building-block for state-of-the-art multi-MW solar plants.

## Inverter rack solution and price

---

### **TigerRack Standard (Standard String Inverter Rack) , Tiger Global**

The Standard String Inverter TigerRack: The TigerRack is a pre-fabricated string inverter rack for flat rooftop mounting. It supports standard string inverters up to 200lbs. Note: In stock. Ships within 3-5 ...

### **SunRail(TM) Inverter Rack , Flat Roof (C) , Opsun Systems**

Our designers can add the inverters directly on the Opsun PV racking rails, for reduced project costs, and compliance with module-level disconnect, in most states.
