# **Is there a tax refund for energy storage cabinets**

## Overview

---

The Inflation Reduction Act: Energy Storage Tax Credit is a tax credit designed to encourage homeowners to invest in energy storage systems. The credit is not available for any property placed in service after Decem. If you meet this deadline, you could claim a credit of 30% of qualifying expenses, up to \$1,200 annually for most improvements. Knowing which products to look for can help you make informed purchasing decisions.
