# **Lockers can store things that cannot be taken out**

## Overview

---

Here's the quick answer: You shouldn't store hazardous materials, flammable liquids, perishable items, living creatures, weapons, or ammunition in a storage unit. Illegal items, stolen goods, and items that could damage the storage unit or your other belongings shouldn't be. Storage unit companies have strict rules about what you can keep in a storage unit. Failure to comply with this list of banned items could result in penalty—or worse, eviction. At. And while there are a lot of things that you can safely put into storage, there are also items that you can't put in a storage unit—and it's important to know what they are so that you can make alternate plans. While storage units provide a convenient solution for stashing away belongings temporarily, there are certain items that are simply not suitable for storage. You should keep or give away the.
