

**Espay Solar Energy S.L.**

# **Morocco lithium battery bms manufacturer**

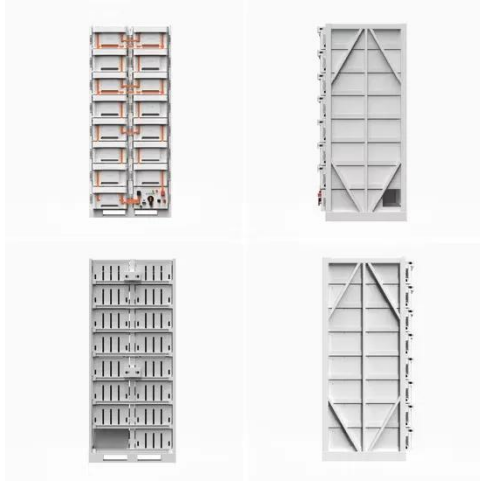

## Overview

---

The parent company, COBCO, is Morocco-based and is the fruit of a partnership between Al Mada and China's CNGR Advanced Materials. Rabat - COBCO announced the inauguration of the first lithium-ion material manufacturing unit on Wednesday in Jorf Lasfar. This pioneering facility, with an initial capacity of 40,000 tons, marks a significant milestone in. The global demand for lithium-ion batteries is surging, fueled by the accelerating shift toward electric vehicles and clean energy solutions. We are committed to providing efficient and sustainable energy solutions for electric two-wheeled vehicles such as electric. In recent years, LFP batteries have gained significant traction in the Chinese market, with the current market penetration reaching 70%. Morocco is the world's largest holder of phosphate reserves, with its largest city, Casablanca, being the world's largest phosphate export port.
