

Espay Solar Energy S.L.

Namibia Monocrystalline solar Panel Procurement

Overview

TendersOnTime, the best online tenders portal, provides latest Namibia Solar tenders, RFP, Bids and eprocurement notices from various states and counties in Namibia. NamPower is launching the procurement of six (6) × 20 MW Solar Photovoltaic (PV) Independent Power Producer (IPP) projects, totalling 120 MW of new, utility-scale renewable energy capacity. The programme forms part of the Government's 2024 Ministerial Determination and Namibia's Integrated Resource. The Ministry of Mines and Energy (MME) has issued a new ministerial wish-list for procuring new power generation projects as Namibia strives towards ensuring an uninterrupted supply of energy at affordable tariffs. Namibia's national electric power utility company, NamPower, has launched a tender covering six 20 MW solar projects. The nation aims to build significant solar PV and storage capacity to enhance its energy infrastructure and reduce reliance on imports.
