# **Oman residential solar**

## Overview

---

Companies like Muscat Green Energy, Aptus SolarTech, and Solas Energy are leading the charge in providing high-quality solar panel installations and services throughout the city. The Sultanate of Oman's Vision 2040 places a strong emphasis on economic diversification and sustainable. Life on our planet would be unthinkable without that large power station known as the sun. Solar energy is available almost anywhere. Where there is sunlight there is Electricity. With the increase investment in the development of solar energy, it can. Oman's climate provides an enviable advantage: blazing sunshine nearly year-round. But it's not just geography driving change. With year-round sunshine and rising electricity demands, Oman offers one of the most favorable environments for renewable energy in Oman. Global Horizontal Irradiation (GHI) is also high. This is true for key areas like Muscat.
