

Espay Solar Energy S.L.

PV Inverter Warranty Scam

Overview

Some companies like Solar Insure are promoting service plans that sound like full warranty replacements. " But to be clear: that's not entirely true. Want Help From The. Have you tried out dark mode?

! Scroll to the bottom of any page to find a sun or moon icon to turn dark mode on or off! Edit-- Sungold power has agreed to reimburse my customer. I installed a SunGoldPower all in one 10k unit for a client here in. MCS has been made aware of several cases of scams that are potentially putting consumers at risk by imitating our brand and scaremongering by providing false, misleading information. They typically use the same handful of tricks over and over—which means once you know what to look for, they're easy to spot. We'll walk you through the most common solar scams, the red flags that should make you pump the brakes, and how to find installers you. This guide explores some of the most common solar scams we hear of, what warning signs you should be looking for, and advice on what to do if you think a scammer has contacted you. The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy.
