

Espay Solar Energy S.L.

Paris new energy storage container manufacturer

Overview

French multinational Segula Technologies has unveiled the Remora Stack, a sustainable renewable energy storage solution for industry, residential eco-districts, shopping centers, power plants, and public infrastructure. Storengy, a subsidiary of ENGIE, specializes in energy storage solutions, including underground natural gas storage and renewable gas options like biomethane and hydrogen. By absorbing excess energy generated during periods of high production, BESS enable a smoother and more reliable integration of renewable energy into the grid, steadily reducing dependence on.
