

**Espay Solar Energy S.L.**

# **Romania solar Energy Storage System Project**

## Overview

---

Developed by Energy Solar NRG SRL, the project secured non-recourse financing from DHB Bank in February 2025 and is scheduled for full commissioning on September, further validating the reliability of SINEXCEL's PCS technology for utility-scale applications. Privately held MASS Group Holding plans to invest more than €1 billion (~\$1.18 billion) in large-scale battery energy storage projects in Romania after reaching an agreement with the Romanian government, Reuters reported on Wednesday. What. In a significant move to bolster Europe's energy infrastructure, SINEXCEL is supporting the deployment of a 7.4" E), further expanding its footprint in Europe and enabling more flexible, market-oriented energy management through advanced power conversion technology. Maximizing Energy. Minister of Energy Sebastian Burduja signing 24 financing contracts for self-consumption solar and storage projects, worth nearly €14 million.
