

**Espay Solar Energy S.L.**

**Solar container communication  
station solar energy storage  
inverter company solar thermal  
equipment**

## Overview

---

The core components may include a solar array, generator (either diesel or propane), a battery system and power inverter, satellite communications plus remote monitoring and management tools. Each container system is custom-built for your site and situation. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.
