

Espay Solar Energy S.L.

Solar power generation and heating scam exposed

Overview

These scams start with an unexpected phone call, message on social, or even an in-person visit. Or they might try to sign you up for a “free” program to make your home more energy efficient with. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. While there are still many honest. Like any industry experiencing rapid growth, the solar sector isn't immune to unscrupulous practices and solar fraud. Here's what to look out for FILE - Newly-installed solar energy panels hang on the exterior of a residential house. (Photo by Sean Gallup/Getty Images) SEATTLE. Solar scams are shockingly prevalent these days. According to NPR, one-star ratings for solar companies increased by over 1,000% since 2018.
