## Overview

---

Founded in 2009, SineSunEnergy has been focusing on lithium battery energy storage product development and application, providing leading lithium battery energy storage system integrated solutions. That's exactly what Sophia power generation equipment container houses offer – turnkey energy solutions combining portability, scalability, and rapid deployment. From mining operations in Australia to disaster relief in Southeast Asia, these modular units are becoming the Swiss Army knives of power. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. Established in 2012 and operating from Shanghai, China, Shanghai LZY Energy Storage Co. is a scientific and technological innovative enterprise committed to mobile solar container solutions and energy storage systems. Through years of dynamic development, PYTES has set up several manufacturing bases and sales centers domestically in Shanghai, Shandong, Jiangsu and overseas in Vietnam, USA and Netherlands, covering. LZY Energy provides efficient and reliable energy management solutions for I&C users through leading technology and careful design.
