## Overview

---

This template lets you create a residential or commercial solar lease agreement for either the buyer/client or the Power Provider/developer. However, generally, the developer provides it, and it helps ensure financial certainty for both parties. You'll probably buy less power from your electricity utility. If the company is promising electric bill savings, the combined total of your new electric bill plus your monthly lease payment should be lower. To facilitate the growth of the industry, SEIA maintains and promotes standardized contracts for a variety of different solar transactions. Initially developed under the Solar Access to Public Capital (SAPC) working group led by the National Renewable Energy Laboratory, the following model. The Solar System is currently: (Check Applicable Box) [ ] Subject to an existing lease agreement ("Lease"), power purchase agreement ("PPA") or financed by an unpaid loan ("System Financing"). If leased, the lease expires: \_\_\_\_\_.

Specifically, look out for. A Solar Lease clause establishes the terms under which a property owner allows a third party to install, operate, and maintain solar energy equipment on their property in exchange for lease payments or other consideration. Typically, this clause outlines the duration of the lease, responsibilities. This Solar Lease Agreement ("Agreement") is made and entered as of the \_\_\_\_ day of \_\_\_\_\_, 2020 ("Effective Date"), by and between The City of Laramie, a municipal corporation ("Owner") and Boulevard Associates, LLC, a Delaware limited liability company ("Operator"), which are sometimes.
