

Espay Solar Energy S.L.

Uzbekistan new solar panel manufacturer

Overview

President Mirziyoyev first toured a manufacturing plant in Nukus and inspected Uzbekistan's first PV module automated production line. This project commenced operations this year, with SC Solar providing the turnkey line solution and equipment. In a significant move to bolster Uzbekistan's renewable energy capacity, the nation's own Green-KW Group has formalized a major partnership with global solar giant JA Solar. The agreement, announced on Febru, secures the supply of 100 megawatts (MW) of high-efficiency photovoltaic (PV). Uzbekistan's solar sector is experiencing unprecedented growth, driven by government initiatives targeting 12 GW of renewable capacity by 2030. With abundant solar irradiance levels of 5. The Nukus PV module automated production line project. JA Solar, a trusted global partner in green energy, signed a module supply agreement with Larsen & Toubro (L&T), the EPC contractor for the Samarkand 1 and 2 Solar PV Power Plants in Uzbekistan. Under the contract, JA Solar will supply all of the photovoltaic modules for the two utility-scale. TASHKENT, — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS).
