# **Will photovoltaic panels on the roof leak**

## Overview

---

Solar panel roof damage is uncommon in the United States, and leaks caused by a photovoltaic (PV) installation are even less likely to occur when using high-quality materials and craftsmen. Therefore, choosing the right installer is vital to preventing solar panel roof leaks. But don't worry—you're not alone, and this issue is more common than you might think. Most modern solar panel arrays utilize racking systems that require holes drilled directly into the. In virtually all cases, the answer is no.
